

Power cannot be plugged in with hub at the same time.

Any HDMI compatible display

HDMI

Gemini USB-C to HDMI Video Cable

Original Custom Cable for Gemini  
Converts Right-Hand side USB-C Port into HDMI output. Cable needs to be on the right side.

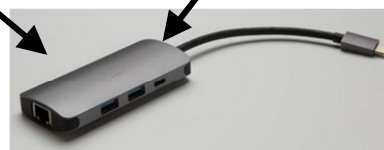

Cyberspace

Wired USB Keyboard and Mouse

USB 3.0 ports

Gemini USB-C Hub  
2x USB 3.0, 1x USB-C,  
Ethernet ports

Hub cannot charge PDA so the device needs to run on battery.

Gemini PDA

USB-C

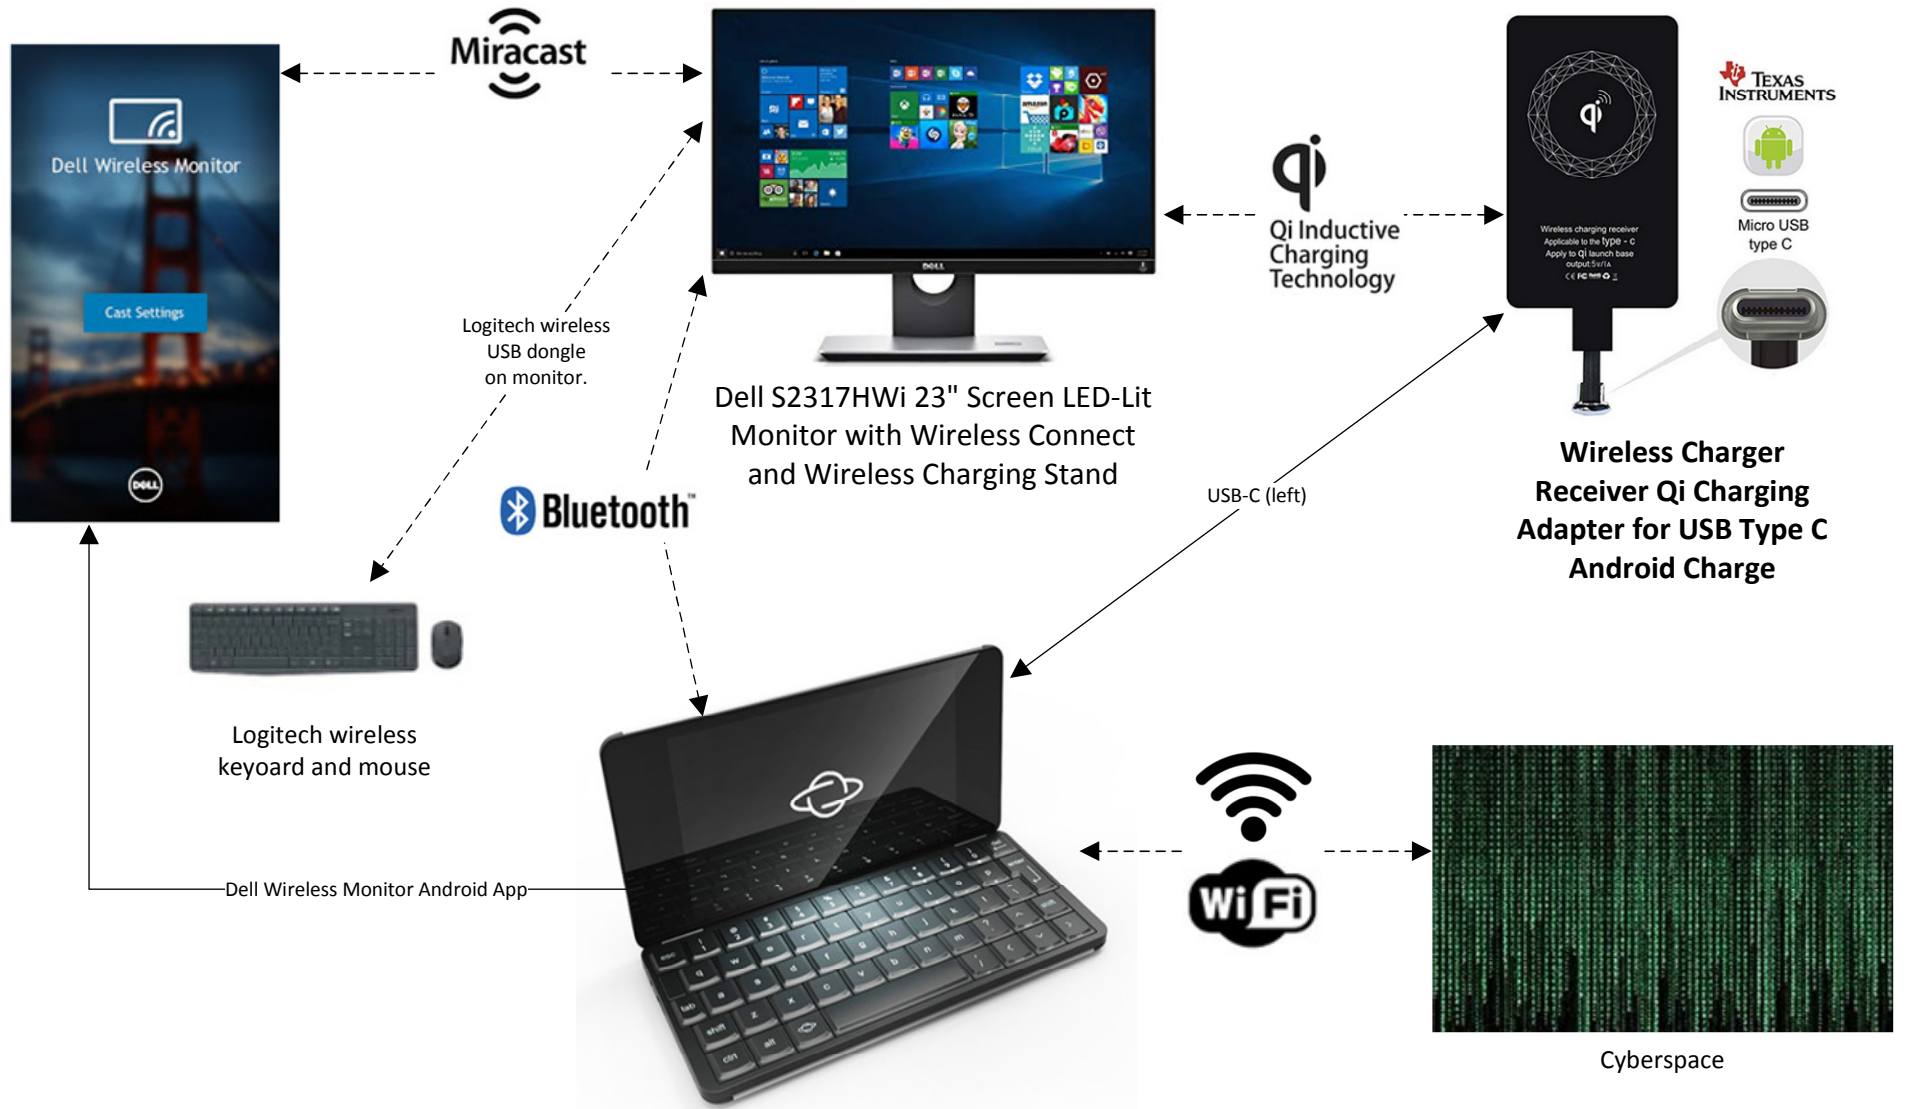

USB-C

Ethernet

USB C

**NOTE:** this configuration will not work well since the Gemini needs to run on battery if the hub is to be used.

**Gemini PDA**

**NOTE:** Gemini should be able to function better with this configuration. Unsure if there are any safety concerns with Qi charger. Charging coil on exterior of device is not so nice.
